

# ApneaRx<sup>®</sup>

## Micro-adjustable Sleep Apnea Appliance

Sleep apnea patients need a clinically effective interventional therapy, for many that is ApneaRx

Advancing the Science of Sleep Medicine

## ApneaRx – Custom Fitted, Adjustable “Boil and Bite” Oral Appliance

ApneaRx is referred to as the 'Predictor' device because it will validate if an oral appliance is clinically effective for the patient. It has the same advanced features as many custom oral appliances and its multi patented design allows full jaw movement.

### ApneaRx Key Features – In a Class by Itself

#### Advanced Design

Patented mechanism to adjust and maintain jaw position. FDA cleared for the treatment of snoring and sleep apnea.

#### Posi-Lock™

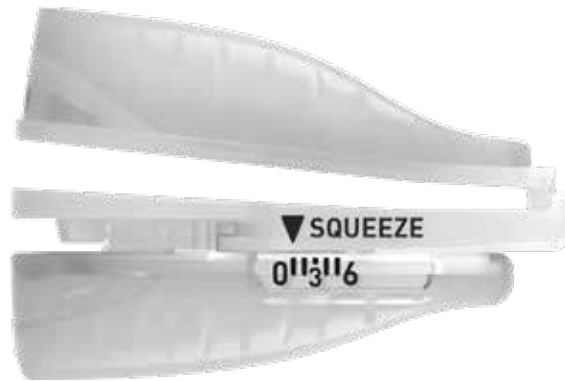

Jaw position can be set and relocked at any time.

#### Comfort-Fit™

Thermally custom molded to patients mouth in 10 minutes.

#### Max-Flow™

Maximizes air flow and tongue movement.

Multi Patented Design

#### Micro-Fit™

Easy to read up to 10 millimeter jaw adjustment for more comfort and clinical efficacy.

#### Full-Flex™

Full vertical movement for greater comfort.

#### Multi-Patented Design

Breakthrough design with all the features medical professionals demand.

#### No Risk Guarantee

Full refund or replacement within 30 days of patient use.

### Superior Safety & Clinical Effectiveness

- No hardware, or metal of any kind
- No Torsion Straps
- No Screws, bolts, or rods
- No Adjustment tools required

### More Efficient Care & Treatment

Direct Credit Card Charge - The cost of ApneaRx is less than most patient's insurance deductible. Reduces insurance paperwork – Hassle Free! Or patient simply pays with their FSA/HSA debit card.

### More Reasons Patient Choose ApneaRx

- Well Tolerated / Easily Adjusted by patients
- Meets needs of CPAP intolerant patients
- Quickly fitted by staff
- Very Affordable
